AIRPORT LINE OF PRODUCTS

The Power That Moves Flight

From civil airports to critical military deployments, the Fresia product range redefines the standards of ground handling. Offering a complete lineup of aircraft tow tractors with operating weights from 5,000 to 70,000 kg. Elevate your ramp operations with Fresia's proven reliability

heavy duty equipment

AIRCRAFT TOW TRACTORS

Made in Italy

- Tractors entirely engineered and built in-house by Fresia

Performance

- Permanent 4-wheel drive for perfect traction
- Twin disc brake calipers on each wheel
- Front and rear axles with leaf spring suspensions and hydraulic shock absorbers for greater driving comfort

Safety

- Fully compliant with all safety standards.
- Eco-friendly engines fully compliant with European Green Deal emission targets

AIRCRAFT TOW TRACTORS

F40T/F60T

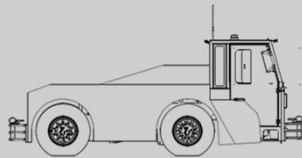

GROSS WEIGHT [kg] 3500-4500
Drawbar pull [kN] 27-35

ATLAS TT

GROSS WEIGHT [kg] 6000-8000
Drawbar pull [kN] 47-62

SP100

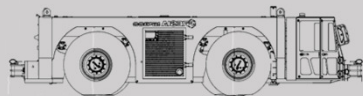

GROSS WEIGHT [kg] 10000-16000
Drawbar pull [kN] 78-120

SP200

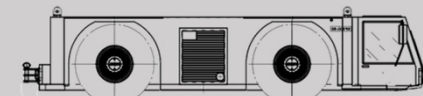

GROSS WEIGHT [kg] 20000-28000
Drawbar pull [kN] 137-220

SP300

GROSS WEIGHT [kg] 43000-50000
Drawbar pull [kN] 340

SP300/60t

GROSS WEIGHT [kg] 60000-70000
Drawbar pull [kN] 420
